

ZONING DISTRICT SUMMARY SHEET (7/20/11 CODE)
§ 14-2-29 RPB — RESIDENTIAL PROFESSIONAL BUSINESS DISTRICT.

(A) Intent. This district is primarily intended to accommodate professional offices and residential uses in locations on the fringe of existing residential areas which have good accessibility to major thoroughfares. Frequently the locations serve as a transition area between residential neighborhoods and higher intensity development. This district is intended for use in areas which have been assigned an Office-Residential future land use designation by the Comprehensive Plan.

PLEASE NOTE: This attempts to provide an unofficial summary of the zoning district regulations and may not include all of the potential uses. It is highly recommended that consultation with the City of Kissimmee Development Services Planning Division be conducted prior to purchasing a property, signing a lease/contract, or occupying a site. Use allowance is also dependent upon whether required infrastructure is provided to accommodate the use. All uses must obtain a Certificate of Occupancy and Business Tax Receipt prior to occupying any space. All interpretations shall be based on review of the Land Development Code.

* If the property is located within an overlay district, the lot standards may differ and the design standards for that district must be consulted.
