The Green Cities™ conference starts with inspiration, education and training, and ends with sustainable solutions.

Registration for Green Cities Florida, held May 19-21, 2009 at the Orange County Convention Center in Orlando, Florida is now open and we invite you to register during this special discount period. This is a great opportunity to learn from global and regional experts in *how to green* your organization and prepare for the upcoming green and clean tech boom expected from the new presidential administration. **To learn more and register, visit www.GreenCitiesFlorida.com**

Green Cities™ Florida has been designed to deliver an impressive, relevant and interactive experience to governments and businesses to equip and empower sustainable decision making. This conference will provide businesses, public agencies, and municipalities with the tools and resources they need to shift their policies, operations, and materials in ways that save money, generate jobs, and protect the environment.

Unique to Green Cities™ are innovative and optimum education systems such as interactive and collaborative workshops, best practices case studies, conversation café environments, roundtables and open space technology sessions. Nationally acclaimed leaders in sustainable business and government will provide expert perspective and advice on how the private and public sectors can take advantage of the emerging green opportunities.

The Green Cities™ event series provides attendees with the standards, certification trainings, and introduction to the right products and services needed to implement sustainability objectives. **Join us! CALL 1-310-594-3477 for more info.**
