The following application is to be used for installation of any mechanical equipment such as air conditioner installation (HVAC – heating, ventilation & air conditioning) or change out, hood, heating, walk-in cooler, duct work, and refrigeration, and when work is not done in conjunction with a new structure or building addition.

**Step 1 - Verify allowance and standards:** It is recommended to contact the Building Division at 407.518.2120 to determine allowance and discuss applicable standards.

Please be sure to review all application and plan requirements to adequately determine what documents are necessary at time of submittal. If you are unsure or have questions regarding permits, please contact the Building Division at 407.518.2120.

**Step 2 - Application and Plan Requirements:** Complete the application in its entirety and create plan(s):

- Application for all projects are to include:
  - The 911 Address Notification form to create new addresses, change an existing address and to verify property addressing for a property;
  - If work is done by the owner, authorization and affidavit;
  - If work is conducted by a contractor, a recorded notice of commencement when construction value exceeds $7,500.00.
  - FYI: the following trades require separate permit applications and fees to be filed with this Division by a licensed contractor: Mechanical, Electrical, Plumbing, Fire Alarm & Systems.

- Plan must include:
  - Property address;
  - Full construction detail of all work being done;
  - Type and location of materials used; and
  - Approved manufacture specifications and installations guidelines.

**Step 3 - Submit:** Submit the application, associated documents and plans and review fees by one of the following ways:

- **In Person:** City Hall – Building Division, Suite 120, between the hours of 8 a.m. – 4 p.m. Monday - Friday
- **By Mail:** City of Kissimmee City Hall, 101 Church Street, Suite 120 Building Division, Kissimmee, FL 34741
- **By Email:** permitting@kissimmee.org. Once received, a technician will contact the applicant for credit card payment prior to processing the application.

**Step 4 - Staff Review:** Staff will review the proposed request for compliance with City standards and will offer any applicable comments.

**Step 5 - Permit Issuance and Construction:** Once approved, a permit is issued and construction can start.

**Step 6 - Inspection:** Schedule an inspection and obtain approval.
Notes of Importance:

- The application must be completed in its entirety and the permit review fee must be provided at time of submittal. Incomplete applications and failure to pay at time of submittal will not be accepted;
- Applicable standards are identified within the South Beaumont Historic Preservation District;
- If electrical is proposed, an Electrical Permit Application must be submitted. All electrical must be in compliance with the National Electrical Code and the plans must identify the electrical supply location and method of getting power; and
- When a permit is obtained it often requires a contractor to be registered and licensed.

The above list is provided a general overview of the minimum requirements and is not intended to be all inclusive of all ordinance and codes. Not all possible applications of the requirements are discussed. For clarification of your individual circumstances or general questions, please contact the Building Division at 407.518.2120 or permitting@kissimmee.org. Please note: lack of information provided may constitute as an incomplete submittal, thus delaying the review process.

9. ESTIMATED CONSTRUCTION VALUE (Include material and labor cost): $___________________________

   IF CONSTRUCTION VALUE EXCEEDS $7,500.00, A NOTICE OF COMMENCEMENT MUST BE SUBMITTED PRIOR TO FIRST THE FIRST
   INSPECTION. FAILURE TO RECORD A “NOTICE OF COMMENCEMENT” MAY RESULT IN YOUR PAYING TWICE FOR THE IMPROVEMENTS TO
   YOUR PROPERTY. IF YOU INTEND TO OBTAIN FINANCING, CONSULT WITH YOUR LENDER OR ATTORNEY BEFORE RECORDING YOUR
   “NOTICE OF COMMENCEMENT”.

NOTICE: SEPARATE PERMITS ARE REQUIRED FOR FIRE SYSTEMS, ALARMS, SPRINKLER SYSTEMS, PLUMBING
WORK, IRRIGATION, GAS, LOW-VOLTAGE, GREASE TRAPS, MECHANICAL WORK, ELECTRICAL WORK, SIGNS,
POOLS, FENCES, SCREEN ROOMS, AND OTHER ACCESSORY STRUCTURES. THIS PERMIT BECOMES NULL AND VOID
IF WORK OR CONSTRUCTION AUTHORIZED IS NOT COMMENCED WITHIN 6 MONTHS OF ISSUANCE, OR IF
CONSTRUCTION OR WORK IS SUSPENDED OR ABANDONED, AT ANY TIME, FOR A PERIOD OF 6 MONTHS AFTER
WORK IS COMMENCED.
10. I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction. I further certify that no work has been commenced prior to the issuance of the permit, and that all work will conform to the applicable laws of construction under this jurisdiction.

PLANS, DETAILS, AND SPECIFICATIONS

Mechanical plans shall include the following:
• Designer name, phone number, email, registration number, seal and signature shall be on all plans.
• Duct layout that includes the size and type of duct materials, ceiling grilles and diffusers.
• Insulation r-value for duct systems.
• Support method for ducts.
• Details of routing and terminating restroom exhaust ducting to the outside.
• Restroom exhaust fan capacity and specifications for restroom exhaust duct material.
• Size and type of materials to be used for condensation piping.
• Condensation piping discharge point and details for approved place of disposal.
• Location and support method for air handling equipment.
• Anchorage of exterior pad and rooftop mounted installed HVAC and refrigeration equipment.
• Elevation of rooftop mechanical equipment (FBC Section 1509.7).
• Exhaust systems including clothes dryers, kitchen equipment, and specialty equipment systems. Note: Commercial kitchen
  exhaust systems and paint booths require signed and sealed manufacturer’s shop drawings.
• Duct closures (UL 181 approved tapes, mastic...etc).
• Chimneys, fireplaces, and venting.
• Refrigerant type and piping type and size.

SO-08-227  Rev. 12/03/13
PLEASE POST YOUR BUILDING NUMBERS
IN ACCORDANCE WITH SECTION (8) OF COUNTY ORDINANCE 04-47
AN ORDINANCE ESTABLISHING A UNIFORM NUMBERING SYSTEM

SECTION 8. STANDARDS FOR NUMBERING STATES:

All principal buildings shall have the assigned building number properly displayed whether or not mail is delivered to such building. Numbers need not be displayed on accessory buildings. Physical numbering shall conform to the following standards:

(1). Numbers must be clearly visible and legible from the public or private way on which the building fronts in accordance with Florida Fire Prevention codes and this ordinance.
(2). Numbers must be in a color contrasting to the building background.
(3). Where applicable, easily legible numbers shall also be affixed to the mailbox serving the building or house.
(4). Assigned numbers shall be displayed on the front entrance of each principal building and, in the case of a principal building which is occupied by more that one business or family dwelling unit, on each separate front entrance.
(5). Separate unit numbers must be displayed on the individual dwelling entrances of a multistory building. At no time will unit numbers that are unauthorized addresses be displayed on the exterior building. Individual unit numbering shall not exceed (3) numbers, and shall be displayed in a manner that clearly distinguishes it apart from the building number.
(6). Any different numbers which might be mistaken for or confused with the number assigned in accordance with the “Numbering System” shall be removed upon proper display of the assigned number.

The proper display of your location address will be greatly appreciated. It will aid Emergency Services such as Law Enforcement, and Fire and Rescue in locating you.
This form is required to be completed by owners of the property who wish to build their own structure. Florida Statutes are quoted here in part for your information to indicate the authority for exemptions for homeowners from qualifying as contractors and to express any applicable restrictions and responsibilities. Owners must personally appear at the Building Division to sign this document. By signing this affidavit, you attest that:

| Initials | I understand that state law requires construction to be done by a licensed contractor and have applied for an owner-builder permit under an exemption from the law. The exemption specifies that I, as the owner of the property listed, may act as my own contractor with certain restrictions even though I do not have a license. |
| Initials | I understand that building permits are not required to be signed by a property owner unless he or she is responsible for the construction and is not hiring a licensed contractor to assume responsibility. |
| Initials | I understand that, as an owner-building, I am the responsible party of record on a permit. I understand that I may protect myself from potential financial risk by hiring a licensed contractor and having the permit filed in his or her name instead of my own name. I also understand that a contractor is required by law to be licensed in Florida and to list his or her license numbers on all permit and contracts. |
| Initials | I understand that I may build or improve a one-family or two-family residence or a farm outbuilding. I may also build or improve a commercial building if the costs do not exceed $75,000. The building or residence must be for my own use or occupancy. It may not be built or substantially improved for sale or lease. If a building or residence that I have built or substantially improved myself is old or leased within 1 year after the construction is complete, the law will presume that I built or substantially improved it for the sale or lease, which violates this exemption. |
| Initials | I understand that, as the owner-builder, I must provide direct, onsite supervision of the construction. |
| Initials | I understand that I may not hire an unlicensed individual person to act as my contractor or to supervise persons working on my building or residence. It is my responsibility to ensure that the person whom I employ have the licenses required by law and by city ordinance. |
| Initials | I understand that it is frequent practices of unlicensed persons to have the property owner obtain an owner-builder permit that erroneously implies that the property owner is providing his or her own labor and materials. I, as an owner-builder, may be held liable and subjected to serious financial risk for any injuries sustained by an unlicensed person or his or her employees while working on my property. My homeowner’s insurance may not provide coverage for those injuries. I am willfully acting as an owner-builder and am aware of the limits of my insurance coverage for injuries to workers on my property. |
| Initials | I understand that I may not delegate the responsibility for supervising work to a licensed contractor who is not licensed to perform the work being done. Any person working on my building who is not licensed must work under my direct supervision and must be employed by me, which means that I must comply with laws requiring the withholding of federal income tax and social security contributions under the Federal Insurance Contributions Act (FICA) and must provide workers’ compensation for the employee. I understand that my failure to follow these laws may subject me to serious financial risk. |
| Initials | I agree that, as the partly legally and financially responsible for this proposed construction activity, I will abide by all applicable laws and requirements that govern owner-builders as well as employers. I also understand that the construction must comply with all applicable laws, ordinances, building codes and zoning regulations. |
| Initials | I am aware of construction practices and I have access to the Florida Building Code. |
**Initials**

I understand that I may obtain more information regarding my obligations as an employer from the Internal Revenue Service, the United States Small Business Administration, the Florida Department of Financial Services, and the Florida Department of Revenue. I also understand that I may contact the Florida Construction Industry Licensing Board at 1-850-487-1395 or at [www.myflorida.com/dbpr/pro/cilb/](http://www.myflorida.com/dbpr/pro/cilb/) for more information about licensed contractors.

**Initials**

I am aware of, and consent to; owner-builder building permits applied for in my name and understand that I am the partly legally and financially responsible for the proposed construction activity at the address listed below.

**Initials**

Licensed contractors are regulated by laws designed to protect the public. If you contract with a person who does not have a license, the Construction Industry Licensing Board, the Department of Business and Professional Regulation and the building department may be unable to assist you with any financial loss that you sustain as a result of a compliant. Your only remedy against an unlicensed contractor may be in civil court. It is also important for you to understand that, if an unlicensed contractor or employee of an individual or firm is injured while working on your property, you may be held liable for damages. If you obtain an owner-builder permit and wish to hire a licensed contractor, you will be responsible for verifying whether the contractor is properly licensed and the status of the contractor's workers’ compensation coverage.

I do hereby state that I am qualified and capable of performing the requested construction involved with the permit application filed and agree to the conditions specified above.

_________________________________    _________________________________     ___/___/___
Printed Name of Owner        Signature of Owner        Date

Address of Subject Property

A violation of this exemption is a misdemeanor of the first degree punishable by a term of imprisonment not exceeding 1 year and a $1,000.00 fine in additional to any civil penalties. In addition, the local permitting jurisdiction shall withhold final approval, revoke the permit, or pursue any action or remedy for unlicensed activity against the owner and any person performing work that requires licensure under the permit issued.
NOTICE OF COMMENCEMENT

THIS DOCUMENT MUST BE COMPLETED WHEN CONSTRUCTION VALUE EXCEEDS $2,500.00

The undersigned hereby gives notice that improvement will be made to certain real property, and in accordance with Chapter 713, Florida Statutes, the following information is provided in this Notice of Commencement.
